WOMEN OF THE MIDDLE EAST AND RELATED MATERIAL ON ISLAM & IRAN

Catalogue 33 Summer 2019

Items 26, 48 & 57. *More images found on last pages of catalogue online*

To our friends and colleagues;

We're pleased to present for your consideration a selection of books on the Middle East, not limited in theme to, but with a focus upon, the experience of women in Islamic communities. For the most part, these titles are not collectible first editions; nevertheless, as the vast majority of them are out of print,

they represent a collection that would be difficult to reacquire: a modest yet thoughtfully curated private collection.

These books are not listed online other than in this catalogue, but browsers may view a PDF format of all 64 titles by clicking [HERE](#). The catalogue can then be reviewed online or downloaded and saved to your own device for consideration at your leisure. As these listings are in the nature of short descriptions only, queries are welcome. *More images of select titles may be found on the pages following the book list.*

Enjoy! And please share this humble offering with others!
